OUR SERVICES

Regal Shower Screens is a manufacturer of high-quality products and services, at a price that works for you. Being a customer-focused business, we put you at the heart of everything we do. Our products and services are aimed at helping you achieve your desired outcomes in a way that's convenient for you.

This drives us to deliver on time, on budget, and to the highest level of quality.

ON-SITE CONSULTATION

Our experienced team member will come to you and measure up; provide some products options and recommendations to meet your requirements with solution focused discussions

DESIGN CONSULTATION

Product choices will be placed within design drawings for your review and consideration; final products will be selected and any of your question answered.

PROJECT MANAGEMENT

Our experienced project manager will commence works once the quote has been signed off on. They will coordinate all trades in a safe and liveable manner with the utmost respect for your home or commercial premises.

OUR COMPANY

With over 50 years of experience in the industry, Regal Shower Screens remains a leading player in home improvement.

We provide the best custom-made service to create beautiful, locally made shower screens, wardrobes, shelving, and other interior products with a quick turnaround time. We offer free onsite consultation and measure service, design and drafting, and same-day fixed quotation for an efficient and hassle-free solution.

All our products are manufactured in our factory on the Gold Coast and are styled to meet every individual's taste and requirements.

A semi-frameless shower screen is shown in a modern bathroom. The screen is made of clear glass with a slim metal frame. It is installed in a corner, with a white bathtub visible behind it. The floor is covered in light-colored tiles, and a towel is hanging on the side of the tub. The background wall is covered in light-colored tiles.

SEMI FRAMELESS

REGAL semi frameless shower screens only have the outside perimeter of the screen framed so you get a nice, clean look from the inside. The frame is made of 100% Australian aluminum, and the glass is cut, processed, and toughened right here on the Gold Coast. Being a true semi frameless, its slim line beauty, sleek design, and overall elegance will give your bathroom that clean-cut and modern look.

FRAMELESS

Top of the range you go with this gorgeous screen. At REGAL, we use real heavy-duty hardware to guarantee not only the overall quality, but the quality of the installation as well. Because our glass is cut, processed, and toughened right here on the Gold Coast, you can be sure of the excellent durability of our frameless shower screens.

With no visible frame and seamless joins, frameless shower screens will add a touch of luxury and high-end appeal to any bathroom or en suite.

MIRRORS

The finishing touch to any room.

We offer a wide selection of elegant mirrors that you can choose from, or we can create them just for you! Round mirrors are a focal point of any bathroom or en suite's decor, whilst full-length vanity mirrors are a great way to add visual space.

Mirrors add some style and shine to an otherwise bland room and are absolute must-haves in every home or office. Be it flat polished edge, beveled edge, or framed-- you name it, we make it!

WARDROBE DOORS

REGAL designs and manufactures a vast assortment of wardrobe doors and you can choose from framed, frameless, or slimline. Sliding wardrobe doors make a great space saver! With finishes like vinyl, mirror, glass, and MDF-- there is always something that will go well with the look that you want for your bedroom, pantry, or even your garage. Mix and match or keep the same, the possibilities are endless.

BUILT IN WARDROBE SHELVING

A clear space and a clear mind. Experience this with our custom-made shelving designs. We'll design it with you so you can maximise the use of your space and make sure that it's done to your liking.

We offer lots of styles, finishes and sizes for your drawers, shelves, shoe spaces, and anything to keep you organised! Tell us what you want to see, and we'll give you something you will love.

SPLASHBACKS & PRINTED GLASS

Splashbacks and printed glass are amongst the most sought-after products in the market these days. Apart from brightening the room and adding life to any space, they are also very easy to clean. Best part is, they are not solely for the kitchen area. You can have them anywhere you like.

You can put a nice waterfall or rainforest photo on glass in your bathroom for that Zen-like vibe, or maybe have your favourite family photo displayed on glass in your family room. This is your chance to really express yourself and sense of style, because with splashbacks and printed glass, all your ideas are welcome and REGAL can make it happen.
